What's new

There have been some changes in how certain homeowners will apply for STAR, and in how they receive their STAR benefit. The STAR Program continues to provide much-needed property tax relief to New York State's homeowners.

New applicants who qualify for Basic or Enhanced STAR

- You will register with New York State instead of applying with your assessor.
- You will receive a STAR credit in the form of a check, rather than receiving a property tax exemption (if you qualify for STAR). The dollar value of the credit will be the same as the property tax exemption.

New applicants who qualify for Enhanced STAR (or who will qualify in the future)

- You do not need to register separately to receive the Enhanced benefit if you've already registered to receive

the Basic benefit.

When you register for the STAR credit, the Tax Department will automatically review your application to determine whether you are eligible for the Basic or Enhanced STAR benefit amount.

If you	then you
<p>are receiving a STAR exemption and purchased your current home prior to May 1, 2014,</p>	<p>don't need to register; you will continue to receive the STAR exemption.</p> <p>To learn more, see STAR Exemption Program.</p>
<p>purchased your home between May 1, 2014, and August 1, 2015,</p>	<p>need to register to receive the STAR credit if:</p> <ul style="list-style-type: none"> • you bought your home after the 2015 STAR application deadline, or • you did not apply for the STAR exemption for your home by the 2015 application deadline. <p>Otherwise, no action is necessary; you will continue</p>

	to receive the STAR exemption.
